

# Andres Arbelaez

CS @ University of Maryland  
Software Engineering Intern @ Facebook

A collection of my works.  
Sometimes, I focus on design, sometimes more on  
engineering.  
I am striving to be great at both.

# UMDcares: Health portal for the University of Maryland student

Spring 2017

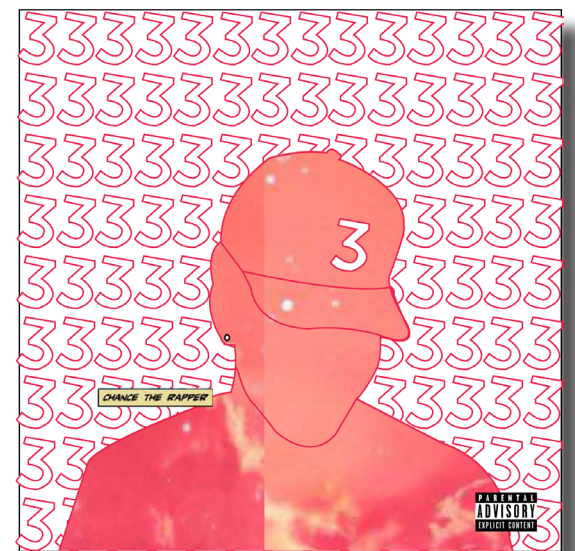

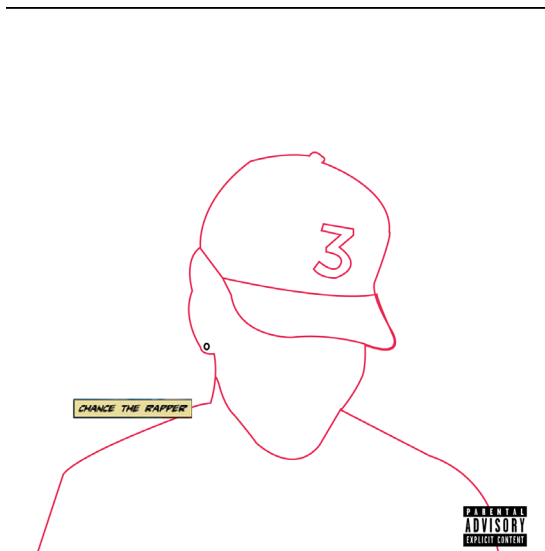

A collaborative effort between the SGA's IT and Health & Wellness Committees.

The goal of this website is to have a space for students to find resources that pertain to several aspects of their wellness.

# Three: A deconstruction of *Coloring Book* album art

Winter 2017

# NMGA: Travel Blog

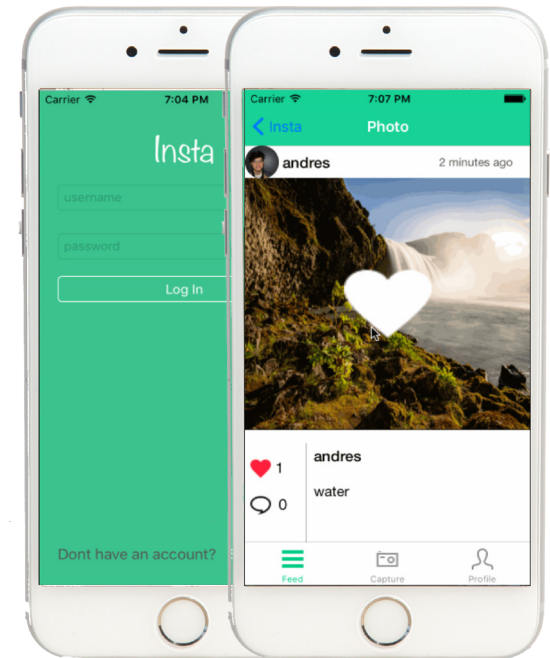

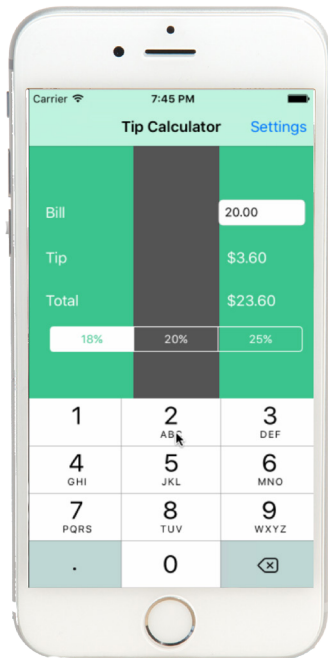

Summer 2016

Website & brand design for a blogging website focused on travel.  
Built with HTML | CSS | Javascript

# FBU Apps: Codepath iOS Course samples

Summer 2016

Tip Calculator: first iOS development experience

Flix: Displaying movies' ratings and descriptions using the Movie Database API

Insta: first exploration of using a Parse server backend

# I Love Kanye: A tribute to the artist's illustrious rap career

Spring 2016

After Kanye released his satirical song titled “I Love Kanye”, I decided to build my first website. Each lyric is a link to the relevant song or reference.

Built with HTML | CSS | Javascript

(Bonus: My LinkedIn article about the site got 10k views)
